(Javier Sambrano, El Paso Crime Stoppers kneeling next to scrap tire, narrating)

“Hundreds of commercial truck tires are contaminating El Paso’s environment. The Texas Commission on Environmental Quality and the El Paso Police Department are asking for your help in finding those responsible, through Crime Stoppers.

(Vehicle driving down the road, passing a truck loaded with scrap tires)

On Monday, November 9, 2009, at approximately 4:30 in the afternoon, two men in a truck were seen going northbound at the 12100 block of Dyer, with a full load of commercial truck tires.

(Mound of tires)

The men drove in to the desert area, where the tires were dumped.

(Truck driving into the desert)

The truck is described as a silver and maroon Dodge Dakota, without any license plates. The ongoing investigation has revealed that there are four major sites in El Paso’s northeast desert, where commercial truck tires are being dumped. The area where the tires are being dumped are is in the 12400 and 12200 block of Dyer. More than 500 tires along with 54 tons of trash and debris, have been cleaned up from this area. The group of individuals responsible is believed to be continuing to operate, and illegally dump tires, and other waste into El Paso’s desert.

If you have any information about the individuals involved, contact Crime Stoppers immediately at 566-8477.
